Established in 1984, the mission of the Waterford Foundation for Public Education is to recognize and promote excellence in teaching and learning. The Waterford Foundation was created to generate private funding, in the form of grants, to support innovative curricular programs not funded through the Waterford School District.

In its 31 - year existence, the Waterford Foundation has awarded over \$2,000,000 to the staff and students of the Waterford School District to finance research and equipment, special materials, science and math workshops and a variety of instructional projects and programs.

The Waterford Foundation operates through contributions, grants, memorials and fundraisers. Other Waterford Foundation recognition programs include: Teacher of the Year, Select Fifty, the Al Dittrich Memorial Scholarship, the Edward J. Kuhn Memorial Scholarship and the Durant High School Most Improved Award.
