

WATERFORD SCHOOL DISTRICT TRANSPORTATION ACKNOWLEDGEMENT RELEASE

The Waterford School District does not always provide transportation for student-athletes to and from events, including home and away games and practices. The student-athlete's parent or guardian should become fully aware of how the student-athlete is being transported to and from all events. As a condition to participate on an athletic team, the student-athlete and parent or guardian assume full and complete responsibility for transportation to and from all events. At certain times, the school district may provide transportation to and from events for student-athletes.

The student-athlete and parent or guardian release and agree to hold harmless the Waterford School District and its employees, coaches and board members from any and all claims related to any transportation issue.
