Waterford STEM Academy Accepting Schools of Choice Students

July 14, 2017, Waterford, Mich. – Waterford STEM Academy Schools of Choice is open to 11th and 12th grade students who reside in Oakland County. Students should enjoy engaging in real world, project based learning experiences that integrate science, technology and mathematics using innovative methods. Students will train to learn and work within a team-based structure. The projects and problems that students work to find solutions to will range from predetermined challenges to industry driven partnerships.

This course meets the eligibility criteria toward earth science, physics and/ or a science elective, algebra I, geometry, algebra II and/or the fourth credit in mathematics along with a STEM academic center period which will afford students a three-hour block of time at the STEM Academy. STEM students will work with and learn from business partners who help them solve real world problems, which can vary from year to year, in a state-of-the-art facility comprised of classroom areas, presentation areas, and space for project development.

Interested students must submit the application, along with letters of recommendation, and return those to Elizabeth Kutchey, Curriculum, Instruction, and Assessment Office, Kurzman Administration Services, 501 N. Cass Lake Road, Waterford, MI, 48328. If you have questions please email kutche01@wsdmi.org or call 248.618.6778. The application and letters of recommendation form can be found at www.wsdmi.org/STEM.
