**EVERY DAY  
COUNTS!**

To be successful students, children need to be in school every day. A child who misses more than 18 school days (2 per month) is suffering from chronic absenteeism. This is an early indicator of student success. Students who miss 2 to 4 days of school in September are 5 times more likely than those who missed fewer than 2 days to be chronically absent for the school year. When your child is absent from school 5 days, you will receive a call from the district to remind you of the importance of your child being in school every day. We care about your student and want to help them be successful.

Dear Knudsen Families,

On behalf of the Knudsen community, I would like to thank you for your caring spirit and generosity during this holiday season. All gifts on our Giving Tree have been purchased and Student Council collected many boxes of food for the food drive. It is remarkable to see so many people working together to ensure that families in our community have a happy holiday! A special thanks goes out to the PTA and all of the wonderful volunteers who worked at the Holiday Shop. Thank you also to the PTA and Mrs. Cretu for organizing the Giving Tree. Your donations of time and thoughtfulness have created the spirit of giving in our school. The entire Knudsen staff and I wish everyone a safe and happy holiday! See you in 2018 when school resumes on January 8<sup>th</sup>.
