PROPOSAL FOR OVERNIGHT/EXTENDED STUDENT TRIPS

Type of Trip: Cultural Trip to Spain and France

Proposed Departure Date: Tuesday, March 31, 2020 Return Date: Thursday, April 9, 2020

Proposer: Susie Abrams Position: Spanish Teacher at Kettering

Date by which response is needed: ASAP Original Proposal Date: May 10, 2017

REVISED Proposal Date: 3/29/18

A. Purpose

1. What is the major place to be visited or event to be attended?

France and Spain:

Paris, France—Louvre Museum, Eiffel Tower, Notre Dame Cathedral, Champs-Élysées

The Loire Valley, France—Chenonceau, Amboise, Chartres Cathedral

Madrid, Spain—La Reina Sofia Museum, Puerta de Sol, Royal Palace

Toledo, Spain—Gothic cathedral, Synagogue, Monasterio de San Juan de los Reyes

Seville, Spain—Plaza de España, world's largest Gothic cathedral, Giralda Tower, El Alcázar

2. How is the trip related to the educational program of the District?

This trip will allow students to use the language and cultural skills learned in the classroom in an authentic real-world environment. On this trip, which focuses on educational opportunities, students will participate in a number of cultural programs that will provide the students with profound understanding and considerable personal and intellectual growth.

The trip will offer real world application of the language and culture for Spanish students and cultural appreciation opportunities for art students.

3. In what ways will the students benefit?

A trip abroad would play an important part in the academic development of the student while serving the aim of the WSD's mission statement:

"We provide exemplary education for all students while developing the whole learner in a safe and caring environment. Our students will thrive in a rapidly-changing, interconnected and competitive world, supported by collaborative relationships with staff, families and the community."

As the world becomes smaller, and as American life becomes more international, foreign travel allows students to see the world with their own eyes and gives them the chance to examine it. For many students this could be a once in a lifetime opportunity that inspires continuous life-long interest and learning about other cultures and peoples. The knowledge and understanding students bring back would positively influence the families' and friends' view of the school district, the community and other peoples. In the short-term, foreign travel may bring together previously learned lessons and encourage students to make the most of their remaining time in high school.

4. In what ways will the District benefit?

The District would enjoy the positive PR connected with the students' benefits. By providing a variety of foreign travel programs, the District would contribute to meeting the current and future needs of the community. It would also permit the District to offer programs similar to those found in other Oakland County schools.

5. How will the trip be evaluated to determine the extent to which these benefits were realized?

Initially, positive comments from students and parents would indicate that the trip was a success. Other indicators of success would be continued enrollment in Spanish and art classes and increased academic interest in the Humanities. Ultimately, much of the value of these trips will be realized in the future when students choose to pursue interests that expose them to other peoples and cultures.
