

September 8, 2011

Dear parents,

We have recently experienced incidences of vandalism at our school. Our staff is currently working with District administration to consider all security options, including increasing lighting and security cameras on the school campus.

Additionally, we are asking our parents and neighbors to join us in protecting our school. Please help us by:

- Monitoring the school grounds as you drive by, especially during after-school hours and weekends
- Calling the Waterford Police Department at 248.674.0351 if you see suspicious behavior or acts of destruction occurring
- Calling the Waterford School District Safety Hotline number at 248.674.6122 to report any other information

We want our school to be a safe place for families to enjoy the playground after school hours and on the weekend. Our school is a very special part of your community. Please help us as we protect the school that we love. Thank you for anything that you can do. It is greatly appreciated.

Sincerely,

Mary Barghahn  
Principal
