Friday, June 11

Last Day of School - Half Day
Staggered Dismissal

From The Desk of Mrs. Sullivan

Dear Haviland Families,

The district sent out a communication on Friday from Superintendent Lindberg regarding our recent increase in COVID cases. The secondary schools are back to remote learning for at least this week. While the elementary cases are significantly lower, the number of students needing to quarantine has risen. We will give quarantined students an opportunity to join their classroom via Google Meet for Morning Meeting, Math, and English/Language Arts beginning today.

Students will be able to access the audio portion of the lesson. They will be able to hear the lesson as the teacher presents. Please be mindful of the volume on your end. You may want it turned up to ensure the teacher can be heard as he/she moves throughout the room during a lesson. Students will not be able to engage with the teacher or classmates during this audio only feed. Students will keep their microphone on mute while accessing the audio presentation. Teachers will record and post for only those students in quarantine. If your child has not accessed Google Classroom in recent months we advise you re-enter all log-in credentials (student ID, user name, password) to ensure he/she is able to enter the meet. We appreciate your patience and understanding as we begin implementation of this new process.

Our goal is to continue with in-person instruction, however, we need your cooperation and diligence to make this happen. It is of the utmost importance that you continue to perform daily health screenings. If someone in your household is not feeling well or is awaiting test results please keep your child home. Our building was negatively impacted last week (several students in quarantine) due to failure to follow these guidelines. Superintendent Lindberg is watching numbers at the elementary level and may put individual buildings back to remote learning should numbers warrant such action.

Sincerely yours,

Michelle Sullivan
