Mott High School senior “commended” with National Merit® recognition

Mott High School senior Megan Riley has been named a “Commended Student” for her outstanding performance on a qualifying test for the 2024 National Merit® Scholarship Program. This achievement places Riley among the top 50,000 students in the entire nation who took the test.

“Megan’s accomplishment fills us with immense pride. She has always been a great student and this award is further proof of her academic success,” said Mott High School Principal Craig Blomquist. “Megan has a very bright future ahead of her and we are proud she represents Mott High School.”

Riley entered the National Merit Scholarship Program, a nationwide competition for recognition and awards conducted by the National Merit Scholarship Corporation (NMSC®), when she took the 2022 Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT®) last October and placed at or above the national selection index score.

Blomquist, along with Waterford School District Superintendent Scott Lindberg and other district leaders, presented Riley with a Letter of Commendation from Mott High School and the NMSC®.
