Regional Connect Conferences: All students are encouraged to apply to attend! | December/January (\$60)
Invitations will be sent out in November.

Regional Connect conferences bring together students from all across the state of Michigan to learn and grow from presentations that are completely student driven. Each year MASC/MAHS Michigan Student Leadership partners with host schools across the state to bring our location venues to life with unique themes, student networking, idea sharing sessions, keynote speakers, leadership curricular activities and of course, student showcase presentations.

Student Showcase Presentations

Student showcases are the backbone of our Regional Connect programs. Students submit presentations on various topics and programs that are unique to their own school's mission and share these ideas in breakout sessions to their fellow student leaders. Showcases give our student leaders the chance to present a concept, program, fundraiser, school-wide event, etc. to dozens of others schools at each event. These 40min presentations are designed to give our student audiences all the tools they would need to put this program into action in their own building! Adding to the excitement, the best Regional Showcase presentations will be selected to present at this year's MASC/MAHS Michigan Student Leadership State Conference!

Presentations range from anti-bullying programs to school spirit initiatives to community service projects - and everything in between.

Charity of the Year

Each year MASC/MAHS Board of Delegates chooses the charity to support. Kettering fundraises this donation from our Winter Charity Week and events. Donations earn us specific recognition at the State Leadership Conference.

The host school for the State Conference works together with MASC/MAHS to select a Michigan-local charity to support where each participating school joins in the work to fundraise, collect supplies and actively engage in other activities in support of the charity's mission. The school that raises the most funds per student capita, wins the charity award in a given academic year.

Annual State Leadership Conference: All students are encouraged to apply to attend! February/March (\$300)

Each year, students from around the State gather in the late winter to connect and build on leadership skills. From new students to those who have attended before this event offers a variety of opportunities to connect with students from around the State of Michigan, collaborate in diverse settings on leadership initiatives, create memories with their own teams and new ones, and share/recognize the hard work Student Councils do all year long. **(Please see letter of interest attachment if you have an interest in attending this conference)**
