

Elizabeth Riddell

Secretary, Class of 2025

Number of years in StuCo:

Two years in student council

Statement of interest:

I am best qualified for this position because I am responsible and organized. I care about involving students and improving the school community for the better. I work well with others and am good at collaboration and compromise.

Importance of having a position on board:

I think it is important to have a position on the executive board in order to help create change and make decisions that best reflect the interests of the student body and community. Having a position on the executive board would allow me to introduce new ideas and help to make decisions that affect the atmosphere of the school. Being on the board gives me the opportunity to listen to student feedback and ideas and implement them into future decisions made by student council/ leadership.

New leadership:

I will bring more communication of the student body's interests to the board along with organized, communicative leadership. I want to pursue this position on board to have the ability to make decisions and work with others to create change in order to continue to improve the experience people have at Kettering. This will impact the student body because they will be represented and have more interest and involvement in the events put on by the school.

Special qualifications/ experience:

- Varsity Dance- 3 years
- Varsity Lacrosse- 2 years
- NHS
- Link crew- 1 Year
- Two years in leadership
- States committee chair
- Charity Liaison
- States Executive Board
